

Annual Holiday Toy Drive

Day/Date: Mid November- Mid December 2024

Venue: Oneness Center, Westbury, NY

The annual toy drive for the Town of Hempstead, held between mid-November and December 8th, 2024, was a resounding success, marked by the collective efforts of the entire sadh sangat.

The TOH Director of Community Affairs, Mr. Zayed Syed, personally visited our satsang venue on the concluding day to extend his heartfelt gratitude for the contribution of approximately 300 toys for children in need.

This year's event was made even more special with the presence of Ms. Liz Sergi, Director of Social Services from Helen Keller Services for Blind and Senior Care. Addressing the congregation, Ms. Sergi expressed a strong interest in collaborating with the Sant Nirankari Mission New York/Connecticut Branch to involve our youth as volunteers in extracurricular activities that support the blind and the senior community.

Looking ahead to 2025, the New York/CT Branch is excited to foster this new partnership with the Helen Keller Institute for the Blind and remain committed to serving the Town of Hempstead through meaningful volunteer and community initiatives.

It is indeed the grace of Her Holiness Satguru Mata Sudiksha Ji Maharaj, that the devotees of the New York/Connecticut Chapter are able to become part of such humanitarian initiatives and help endorse the much needed human values. Such acts of kindness become a source of inspiration to fellow members of the community and help bring about a greater change.
